

REMARKS

Rule 312 Amendment - The Amendment to the specification eliminates the use of the reference numeral 22 from the description as it relates to Figure 2. This reference numeral does not appear in Figure 2, but it does in Figure 3 to depict an entirely different element. Therefore, the specification is being amended hereby to eliminate any confusion.

Response to the Examiner's drawing requirement
- The Examiner, in the Examiner's amendment, has required Figures 2 and 3 to be labeled as prior art. However, applicants do not admit that Figures 2 and 3 are prior art. Therefore, the Examiner's requirement with respect to Figures 2 and 3 is improper.

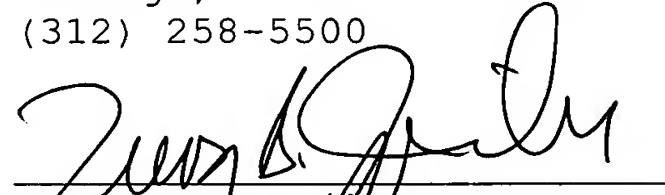

CONCLUSION

In view of the above, issuance of the present
application is respectfully requested.

Respectfully submitted,

Schiff Hardin LLP
6600 Sears Tower
233 South Wacker Drive
Chicago, Illinois 60606
(312) 258-5500
